BIO:

Martz has owned some 8 businesses. If it can happen to you in business it most probably has to him, from hostile takeovers and tragic investments to unmotivated staff and failing systems. His humorous approach to hard topics such as business development, sales, taxation, tenders and public speaking leaves his audiences comfortable receiving massive content and having been entertained along the way. His message is always one of motivation and improving oneself and the bottom line. It is through the many varied client assignments that Martz has gleaned his anecdotal stories that always relax audiences and yet have them sitting on the edge of their chairs thinking, "That sounds like ME!"

Testimonials:

"Martz Witty recently spoke at the Insurance Brokers Association of New Zealand (IBANZ) conference. He ran two workshops for delegates on "Creating Demand - an experienced business developer, shares his coaching secrets". IBANZ found Martz to be very professional in his approach, engaging the audience with his enthusiasm and unique style of presentation. The message was delivered with confidence and in such a way as to ensure everyone could relate it to their own personal circumstances. We have subsequently promoted another series of seminars being run around the country by Martz and would consider him for future seminars for our members." **Gary Young, CEO, IBANZ Inc**

"Martz Witty recently presented for us at an overseas conference in Vanuatu and we really appreciated and enjoyed his speech and guest presentation, all clients and members found his information relevant and very refreshing. We particularly liked the fact that he was able to mix and mingle with our clients afterwards which gave them the opportunity to question him further and maximise his expertise. We are certainly considering having Martz return to our conference next year to present on a different topic and would highly recommend Martz to anyone looking at using his services in the future." **Robyn Pickerill, Programme Manager, Kodak Express**
